

# Emerging Technology Open Working Group

---

November 5, 2018

1 South Van Ness, Atrium  
San Francisco, CA 94102

# Welcome!

Naomi Kelly

City Administrator, City & County of San Francisco

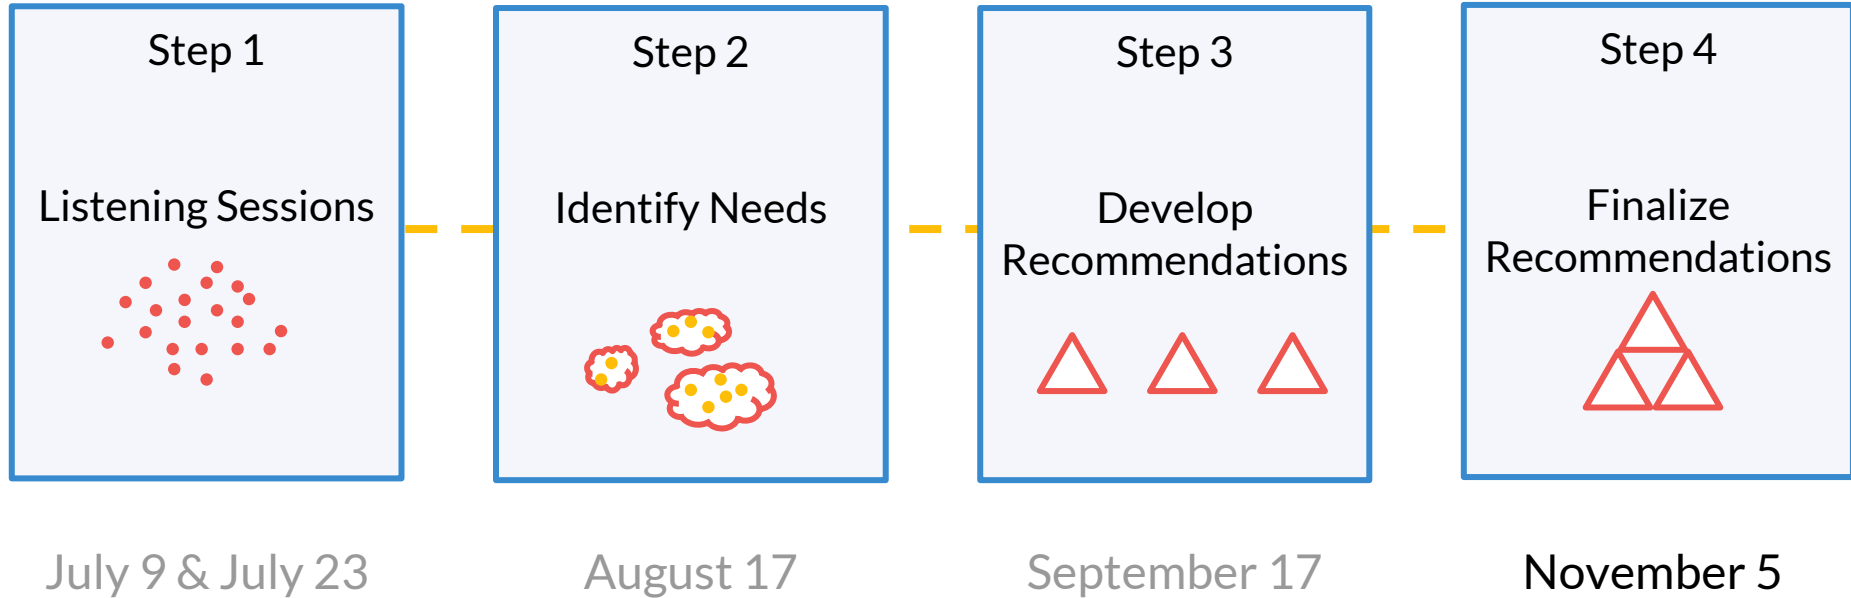

# Today's Outcome

---

Review the City Administrator's recommendations for emerging technologies and help refine them!

# Process Overview

# Open Working Group Goal

---

Inform recommendations as subject matter experts

# How We'll Work Together

---

## **YOU**

- Participation: Working Group Sessions
- Online surveys

## **STAFF**

- In-person attendance
- Share previous Session's Outcomes
- Updates on progress to-date

Each session builds upon the previous sessions and surveys

# Guidelines

---

- Be respectful
- Let everyone participate
- Ideas and concepts--wordsmithing and refinement will happen later
- In small groups: consensus is great, but “I can live with it” is fine too
- Mobile phones on silent, please

# Today's Agenda

---

- Introductions
- Overview of Progress Made
- Participant Input
- Next Steps

# Introductions

---

In 15 seconds or less:

- Your Name
- Organization You're Here Representing

# Progress Made

Matthias Jaime

Director, Committee on Information Technology

# Board of Supervisors Principles

---

Emerging Technologies should promote:

- The net common good
- The safety, needs, and convenience of humans
- The needs of the most vulnerable members of our community
- Public safety
- Pay for direct & indirect costs on public infrastructure
- Data sharing with public agencies
- Evaluation of impact on public spaces
- Labor rights
- Appropriate labeling for business information
- Protect private information of individuals
- Public-private partnerships
- Regulation that is nimble and responsive

# Listening Tour

---

**399 RSVP's** to 4 Open Working Group Meetings:

- Community groups
- Private Sector
- Government
- Non-Profit

Additional research and interviews:

- **12** Community Groups
- **7** Non-Profits
- **17** Private Sector
- **11** City Staff
- **10** Governments
- Research **28** Cities

# Definition: Emerging Technology

---

Emerging technologies include new technologies, applications of technology, and business models that:

- Are in development and have only been tested at market level on a limited basis;
- Will have a measurable impact economically, socially, or morally in the next five to ten years; and,
- **Do not fit within existing regulatory code.**

# Unclear Rules for Emerging Tech

**Emerging Technology**
